The Special Olympics are a major part of Tim Krahe's life. Tim has just recently competed in the Special Olympics and won 3 silver medals for 200metre, 400 metre, relay freestyle; and a bronze medal for the 50 metre butterfly.

With Tim living life to the full, and having a busy training schedule, he has always turned up for work on time and rarely misses a day. Tim has been working for Barrow & Bench Mitre 10 for some eight years now. Interwork has been involved with Tim right from the beginning.

Between Lawrie Byrnes his support worker and Samantha Winston his employment coordinator, Interwork is able to provide Tim with assisted support every week whilst at work.

Tim is a much loved and admired team member at Barrow & Bench and is considered one of the family especially by the owner and manager Michael and Ronnie.

The relationship between Interwork and Barrow & Bench has been a long happy one and is vital in assisting Tim in his working environment.

Congratulations Tim! on your success at the Special Olympics.
