

Good News Story

Bradley Stirling has been a client of Interwork for the past year and after a few potential job opportunities , Bradley was successful in getting a full time position with SA Civil Contracting in October.

Bradley is the sort of person that is willing to do anything and travel as far as needed, and this was certainly the case for Bradley in his first few weeks of employment, Bradley travelled over 2 hrs by bus and foot!

Through the assistance of Marie and Tanja the client has a brand new set of wheels to eliminate the extraordinary time he spent on foot to get to his workplace – wow dedication!!!

Thanks to Adam Stott's excellent negotiation skills we were able secure subsidies for successful employment.

Bradley is doing exceptionally well, I would have to say that he is the hardest worker I have ever seen, he is dedicated and shows no signs of frustration even with the most arduous of tasks.

It is an absolute credit to him and it makes it all the more worth every minute that we spend with our clients.

He is so enthused that every time we visit he has taken photographs of critters he comes across whilst he is pulling apart the garden for the owner of SA Civil, Snakes, Spiders and a whole gamut of creepy crawlies!

Well done Bradley!
